## Northeast Region's Middle Market Perspectives on Government Services

### NORTHEAST'S MIDDLE MARKET COMPARED TO THE U.S. MIDDLE MARKET

#### STATES INCLUDED IN THIS REGION:

Connecticut, Maine, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island and Vermont

The U.S. middle market is the fastest growing segment of the economy. But it is often stuck in the middle: too big to qualify for special services or to be exempt from regulations, and too large to field government-affairs teams at seats of government. The National Center for the Middle Market

therefore took an election-year opportunity to ask middle market executives to evaluate the quality and impact of the government services they receive. This data shows how the Northeast Region's middle market view of government services compares to the view of the U.S. middle market as a whole.
